

# WL 60-30

Monochromatic

- High brightness white LEDs (warm, neutral and cold)
- Innovative 20°x30° optic system for a rectangular projection
- Available ULTRA NARROW lenses

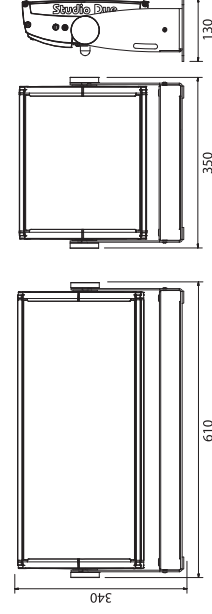

With ultra narrow lens of 4° it's possible to light up objects from far away distance (more than 200 meters).

Standard fixture colour finishing is grey.  
Optional: black and white (art. FX-COLOUR),  
Optional: marine grade treatment.

Studio Due
